FYI in case you weren't in the loop, this is the next round of work on AE's from the GAO.... This is only a draft response and hasn't been reviewed by management here in R9 (or ORC) but just wanted you to know this was happening in case you weren't aware already,

Brett – As you've requested but David has not reviewed this. Also, I did not provide the attachment. I revised the last version I had but I am not sending it to Lisa.

David's calendar looks pretty full today. I did a draft response to the few questions I saw pertaining to CA AEs, attached.

Hi David and Michele,

I am attaching a set of questions from the GAO that are for an entrance conference tomorrow. There are a few questions on AEs in California. If you have time to discuss today, that would be great!

Hope you both had a great Thanksgiving!
